## The Other Part Of Me

Hi I have to thank My friend Evan for this idea. I think it's a good idea let me know what you think, Still don't own Stranger Things. All rights to The Duffer Brothers.

Eleven's POV

Yesterday was perfect, The dance couldn't of gone better. Although I feel bad for Dustin after Max choose Lucas. Me and Mike kissed, Again and it was better then the first time. For one thing it wasn't rushed it just felt unreal. I still remember the first day I met Mike like it was yesterday, But Yet everything and everybody is okay. I have this feeling in my stomach I'm not okay.

My head or even my mind doesn't feel like it's mine it's thinking by it's self and acting by it's self. I woke up tis morning in a sweat like I blacked out, I don't know what to do should I tell somebody. Should I tell Mike, Part of me really wants me to tell Mike but there is another part of me that is well I don't know evil or dark. Something is seriously wrong with me. I woke up two days ago with a knife in my hand, The strange part is I don't remember having that knife or even going to sleep.

"El El you there asked Mike" "Ah yeh sorry Mike what where you talking about asked El"

"Just how Hopper found a pile of dead bodies said Mike shivering" "What well how did they die asked El" "Well Hop thinks it's Stab Wounds said Dustin" "It's disgusting to actually think that a human being could do that said Lucas" "Well that's just it Lucas who knows it could be a pyschopatic Monster said Max" "Yeh a messed up person said Will" "Fucken messed up waste of space mouth breather said Mike" "Okay can all of you guys just shut the hell up screamed El" "Woah El are you okay asked Mike" "I'm fine I just need fresh air don't follow me said El storming out"

"Is it something that we said asked Dustin" "I don't know said Mike" "Guys does anybody else think El has been acting strange asked Max" "Max El always acts strange could you be a little more specific asked

Lucas" "Okay well ever since she has closed the gate said Max" "Max where are you going with this asked Will" "I know El has been taken over by something said Dustin" "But what asked Mike" "The Mind Flayer said Will"

...So what do you think should I continue or what does anybody have ideas if so that would be a huge hand. I will probaly do another chapter in a couple of days. Xxxxxxx
